

They're back...

More pain, more gain

Once again, the three Ince veterans of the MS150 will be saddling up for the gruelling ride through the heat and humidity of a Texas April, from Houston to Austin. Along with 12,997 other riders, we'll hit the grit to help raise over \$10m to fight multiple sclerosis.

Coasting out of Houston around 7am on 18 April, we aim to beat the heat by covering the first 90 miles or so to our overnight stop in La Grange by the early afternoon. Yes, it is the same La Grange immortalised by ZZ Top, whose anthem is broadcast round the Fayette County Fairgrounds at 5 am on the Sunday to rouse the riders. Ahead of us lie the switchback hills of the park before we take the applause of the crowds lining the approach to the Texas Capitol building.

Sponsorship pledges please to Helen Jopson (extension 8275)
